

## EU Declaration of Conformity

In accordance with Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR)

---

### Manufacturer

Voges Verpakking b.v.  
Einsteinstraat 11, 2181 AA Hillegom  
The Netherlands  
T +31 252 515265

### Unique Identification of the Packaging

This Declaration applies to the PET packaging products manufactured by Voges Verpakking b.v., as identified by the applicable product specifications and article numbers (SKUs).

### Declaration of Conformity

The manufacturer declares, under its sole responsibility, that the packaging complies with the applicable requirements of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR), including, where applicable, the provisions relating to substance restrictions, design for recycling, and recycled content.

### Material Composition by Packaging Type

| Material                  | Weight (%) | Minimum Recycled Content (%)   |
|---------------------------|------------|--------------------------------|
| PET clear transparent     | 100%       | ≥ 80% Post-Industrial Recycled |
| PET green transparent     | 100%       | ≥ 98% Post-Industrial Recycled |
| PET green non-transparent | 100%       | ≥ 80% Post-Industrial Recycled |
| PET grey non-transparent  | 100%       | ≥ 80% Post-Industrial Recycled |
| PET black non-transparent | 100%       | ≥ 70% Post-Industrial Recycled |

### Recyclability

Mono-material PET packaging intended for collection, sorting and recycling within established PET recycling streams. Designed to meet the applicable Design for Recycling requirements of Regulation (EU) 2025/40.

### Chemical Compliance

The packaging complies with the applicable chemical safety requirements, including Regulation (EC) No 1907/2006 (REACH). No PFAS are intentionally added. Concentrations of lead, cadmium, mercury and hexavalent chromium comply with the applicable limits.

### Supporting Documentation

Where applicable: Technical Drawing, Material Specification, Supplier Declaration, Migration Tests, Recycled Content Certificate, Design for Recycling Assessment, REACH Declaration, Declaration of Conformity.

### Additional Information

This Declaration of Conformity remains valid provided that: the packaging design is unchanged; the material composition remains unchanged; the manufacturing process remains unchanged; the applicable legislation is not amended in a manner affecting compliance. Any significant modification requires reassessment and, where necessary, issuance of a revised Declaration of Conformity.
